Students love eReserves...

As long as I have an internet connection, I don't have to carry heavy books around in case I get time to do homework. I can tell that by using the e-reserves the professor has provided us with a much broader range of source materials than would have otherwise been possible without making us buy ten to fifteen books.

—MATT, SENIOR

I really like having my journal articles linked through the eRes system. It is very time-consuming to have to look for them on my own. —MEGANN, SENIOR

My professor can provide all kinds of resources that a textbook wouldn't have [and] the material is there all semester long, so I can easily go back and find it when I need to. —JESSICA, JUNIOR

You'll love eReserves, too!
